\* Obróbki z gwiazdką wykonane na zamówienie z blachy z powlekanej.

Nie zaleca się montażu w temperaturze poniżej 5°C. Nie należy montować, wyginać ani chodzić po arkuszach, gdy są zawilgocone. Powłoki paneli oraz akcesoriów BTR SYSTEMS są bardziej narażone na pęknięcia podczas pracy w niskich temperaturach otoczenia. Dlatego też wszelkie prace związane z cięciem i wyginaniem najlepiej wykonywać z produktów składowanych w suchym i ciepłym miejscu.
